

	MANAGEMENT SYSTEMS CERTIFICATION BODY AT "DEDAL- AC" LTD.
	MSCB POLICY FOR TRANSITION to ISO 14001:2026 from ISO 14001:2015

Dear clients and partners,

ISO 14001:2026 "Environmental management systems — Requirements with guidance for use" was published on the website of ISO on 15.04.2026. This standard will replace ISO 14001:2015. The transition period is three years.

The validity of the certificates of EMS in accordance with ISO 14001:2015, issued after 15.04.2026 is until 15.04.2029.

The transition can be performed during recertification or surveillance audits, with the validity of EMS in accordance with ISO 14001:2026, will be in accordance with the certification cycle of your organisation's MS (3 years from the date given in the decision for certification or recertification).

From 15.01.2027 MSCB at "DEDAL- AC" LTD. will be able to perform audits in accordance with ISO 14001:2026. Until receiving accreditation, certificates without accreditation will be issued, which will be reissued at the body's expense after receiving accreditation from MSCB.

From 15.10.2027 MSCB at "DEDAL- AC" LTD. will not perform certification and recertification audits in accordance with ISO 14001:2015.

From 15.04.2018 MSCB at "DEDAL- AC" LTD. will not perform surveillance audits and in according to ISO 14001:2015.

eng. Svetlana Spasova
Head of MSCB
